

## **The 2015-2018 Strategic Plan**

- The CRR Division will remain at the forefront of our organizations future activities
- Sustain current staffing levels
- Improve the department facilities
- Replace urban interface pumper
- Improve the department's ALS and BLS training, reporting and recertification plan
- Enhance community interaction, including business partnering with WMC
- Enhance the level of our employee's protection against illness, injury, and death
- Stay ahead of the technology curve to enhance our levels of productivity
- Maintain a Homeland Security Regional Hazardous Material Response Team
- Sustain current response time and multiple call measurements for department growth justification
- Add a second SCBA refill station
- Provide employee support to reach City of Casper formal educational requirements
