ADDENDUM DATE: April 15, 2015

APPROVED: (CITY OF CASPER)

Alex Sveda, P.E.
Associate Engineer

This addendum to the project manual is hereby made a part of the Request for Proposal for the above titled project, to the same extent as though it were originally contained therein.

All Consultants are expected to thoroughly examine each item enumerated herein.

-
- III. Scope of Services, 1., NOTE: REMOVE the following in its entirety:

“NOTE: an active gas system is being constructed during the summer and fall of 2015 and work must be coordinated with the construction quality assurance consultant, Solid Waste Professionals of Wyoming.”

- III. Scope of Services, 1., ADD the following:

“NOTE: When the NMOC sampling was performed in 2010, sampling was not successful in the morning and sampling needed to be conducting in the afternoon. We have seen this occurrence several times where the landfill gas tends to show up in the afternoon rather than the morning.”
