FOR IMMEDIATE RELEASE

DATE NIGHT AT THE MUSEUMS

The Casper Museum Consortium is holding their 6th annual "Date Night at the Museums" on Friday, July 29th, 2016. A ticket to Date Night means VIP Tours at four museums in Casper, transportation all evening, catered gourmet food at all the sites, and a cash bar with specialty drinks - all for only \$90 per couple!

"This is your chance to escape the ordinary date night and do something fun and unique," says Rachel Hedges, Marketing Coordinator for the Consortium. "This is great for couples who have been together 50 years, or this is the perfect first date!"

The caterer, Flat Iron Grill will be serving a Caribbean-inspired menu at each location throughout the evening. We will begin at **The Science Zone** at 5:30 p.m., where we will enjoy some appetizers like curry pork belly with sweet potato mash, and pineapple coconut coulis. The Science Zone Explain-ers will be on hand to show you animals in the Zoo Zone and let you play with their current exhibit "Design Zone." And don't forget the cash bar where you will find a selection of wine and beer, or try one of our specialty mixed drinks, "Square Root," "Totally Tubular," or the "Volcano."

Then we hop on the Casper College bus and go **The National Historic Trails Interpretive Center** for the main course; your choice of either Jerk Chicken with plantain cakes or soft shell crab callaloo. You'll be treated to a special presentation by historian Bruce Berst that is perfect for this election year!

Back on the bus, we will go to **The Wyoming Veterans Memorial Museum** on the grounds of the WWII Army Air Base, where experts and historians will tell stories of Wyoming's military heroes and showcase an exciting recent addition to their collection. Flat Iron Grill will be treating us to Coconut corn puree with tasso ham fritter and crawfish hush puppies, and the cash bar will feature a selection of wine and beer, and specialty mixed drinks highlighting their Vietnam exhibit, "Jungle Juice" "Punji Stake," and the "Dust Off."

Finally, we get to enjoy our Caribbean dessert at **The Werner Wildlife Museum**. We will visit the new Taxidermy area, the new Children's Area, and all the animals on display where you can get up close to the Grizzly Bear, Bison, and Polar Bear. Flat Iron Grill will serve up Papaya Lassi with Rum Cake, the perfect ending to a great island meal!

Register via PayPal at our website: www.caspermuseums.org, or in person with cash or check at The Science Zone, 111 W. Midwest. Hurry! Space is limited!
