SUBJECT: Agreement with Haass Construction.
Downtown Parking Structure Restrooms Project 13-54

Recommendation:

That Council, by resolution, authorize an agreement with Haass Construction, for the Downtown Parking Structure Restrooms, Project 13-54, in the amount of \$374,800, with a deduct change order in the amount of \$26,400, which has been approved by the contractor and the City Manager's Office, for a revised contract amount of \$348,400. Furthermore, it is recommended that Council authorize a contingency account in the amount of \$5,000, for a total contract amount of \$353,400.

Summary:

On Tuesday, April 16, 2014, two (2) bids were received to build public restrooms at the downtown parking structure. The bids received for this work follows:

<u>CONTRACTOR</u>	<u>BUSINESS LOCATION</u>	<u>BID AMOUNT</u>
Haass Construction	Casper, WY	\$374,800
Legacy Construction	Casper, WY	\$404,000

The Architect's estimate was \$225,000. The bid from Haass Construction, in the amount of \$374,800, along with the deduct change order of \$26,400, results in a revised contract price of \$348,400. The cost savings are realized by changing the brick veneer, window glazing and hardware and electrical modifications. Adding a construction contingency of \$5,000 brings the total contract amount to \$353,400. The project consists of building men's, women's and family restrooms in the downtown parking structure. The completion date for the project is November 30, 2014.

Funding for the project will be \$136,526.51 from a Wyoming Business Council Grant, \$195,873.49 from excess 1%#13 Funds, and \$21,000 from the Downtown Development Authority (DDA). The DDA is partnering in the construction of the bathrooms by contributing \$21,000. This funding allowed the scope of the project to remain unchanged. Without these dollars the family bathroom would have been cut. The DDA funds are from the wayfinding project and the gateway project previously approved by City Council. They do intend to move forward with those later this year after the branding effort is finished, and therefore will be back for funding when their plans are developed

A resolution is prepared for Council's consideration.

STANDARD FORM OF
AGREEMENT BETWEEN OWNER AND CONTRACTOR
(Approved by City Attorney, 2004)

THIS AGREEMENT is made between the City of Casper, Wyoming, 200 North David Street, Casper, Wyoming 82601, hereinafter referred to as the "Owner," and Haass Construction Co., Inc., 1302 East 'C' Street, Casper, Wyoming, 82601, hereinafter referred to as the "Contractor."

WHEREAS, the City of Casper desires to build public restrooms in the downtown parking structure and,

WHEREAS, Haass Construction Co., Inc., is able and willing to provide those services specified as the Downtown Parking Structure Restrooms Project 13-54.

NOW, THEREFORE, it is hereby agreed as follows:

ARTICLE 1. WORK.

Contractor shall perform all the work required by the Contract Documents for the Downtown Parking Structure Restrooms Project 13-54.

ARTICLE 2. ENGINEER.

The Project has been designed by Hein Bond Architects, who is hereinafter referred to as the "Architect" and who is to act as Owner's representative, assume all duties and responsibilities and have the rights and authority assigned to Engineer in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 3. CONTRACT TIME.

- 3.1 The Work will be substantially completed by November 14, 2014, and completed and ready for final payment in accordance with Paragraph 14.13 of the General Conditions by November 28, 2014.
- 3.2 Liquidated Damages. Owner and Contractor recognize that time is of the essence of this Agreement and that Owner will suffer financial loss if the Work is not substantially completed by the time specified in Paragraph 3.1 above, plus any extension thereof allowed in accordance with Article 12 of the General Conditions. They also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not substantially completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay Owner Five Hundred Dollars (\$500) for each day that expires after the time specified in Paragraph 3.1 for substantial completion. After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining work within the time specified in paragraph 3.1 for completion and readiness for final payment or any proper extension thereof granted by Owner, Contractor shall pay Owner

Two Hundred Fifty Dollars (\$250) for each day that expires after the time specified in paragraph 3.1 for completion and readiness for final payment. It is further agreed that such liquidated damages are not a penalty, but represent the parties' best estimate of actual damages.

ARTICLE 4. CONTRACT PRICE.

Owner shall pay Contractor in current funds for performance of the Work in accordance with the Contract Documents, subject to additions and deductions by Change Order, the contract price of Three Hundred Seventy-Four Thousand Eight Hundred Dollars (\$374,800). See Exhibit "A" - Bid Form.

ARTICLE 5. PAYMENT PROCEDURES.

Contractor shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed through the Engineer as provided in the General Conditions.

5.1 Progress Payments. Owner shall make progress payments on the basis of Contractor's Applications for Payment as recommended by Engineer, on or about the 25th day of each month during construction as provided below. All progress payments will be on the basis of the progress of the Work measured by the Schedule of Values provided for in Paragraph 14.1 of the General Conditions, subject to the cutoff and submittal dates provided in the General Provisions.

5.1.1 Prior to payment of fifty percent (50%) of Total Contract Price progress payments will be made in an amount equal to ninety percent (90%) of the Work completed, and ninety percent (90%) of Invoice Cost of materials and equipment not incorporated in the work but delivered and suitably stored, less in each case the aggregate of payments previously made.

5.1.2 After payment of fifty percent (50%) of Total Contract Price has been made, Owner shall withhold such amounts necessary so the total retainage is equal to five percent (5%) of the Total Contract Price.

5.1.3 In the event the Contractor makes only one application for payment upon completion of the entire project, the Owner shall withhold five percent (5%) of the Total Contract Price as retainage, said retainage to be paid in accordance with the provisions of Paragraph 5.2, Final Payment.

5.1.4 Should amounts owed by the Contractor to the City for any goods, services, licenses, permits or any other item or purpose remain unpaid beyond the City's general credit policy, those amounts may be deducted from the payment being made by the City to the Contractor pursuant to this agreement.

Contractor's Final Application for Payment to the City. Pursuant to Wyoming State Statutes, final payment cannot be made until forty-one (41) days after publication of the first Notice of Completion.

ARTICLE 6. WITHHELD FUNDS.

Pursuant to Wyoming Statutes Section 16-6-701 et seq., withheld percentages for Contracts exceeding Twenty-Five Thousand Dollars (\$25,000.00) will be retained in an account in the name of the Contractor (except when specifically waived in writing by Contractor) which has been assigned to the Owner until the Contract is completely, satisfactorily, and finally accepted by the Owner. Unless a depository is designated by the Contractor in a written attachment hereto, the Contractor's signature hereon shall act as authority for the Owner to designate a retainage depository on behalf of the Contractor, for the purposes specified in Wyoming Statutes Section 16-6-704. The Contractor's signature hereon shall act as an assignment of the depository account to the Owner, as provided by Wyoming Statutes Section 16-6-701 et seq., whether the depository is designated by the Contractor or by the Owner.

ARTICLE 7. CONTRACTOR'S REPRESENTATIONS.

In order to induce Owner to enter into this Agreement, Contractor makes the following representations:

- 7.1 Contractor has familiarized himself with the nature and extent of the Contract Documents, Work, locality, and with all local conditions and federal, state, and local Laws and Regulations that in any manner may affect cost, progress, or performance of the Work.
